

WEEKLY CLEARANCE SALE

Monday We Start the Second Week of this Great Sale with a Shower of Bargains

Four Grand Lots of Lingerie Dresses

THE entire surplus stock of the foremost maker of Lingerie Dresses in the United States, acknowledged even by his competitors to have the best looking styles that are produced in this country. He has no room men, does no advertising, yet buyers from all over the land seek him out and make advances to obtain his favor, so much are his lovely creations in demand by the best judges of value and fashion.

MARQUISSETTES, VOILES, LACE, LINGERIES AND OTHER MATERIALS GENERALLY SEEN ONLY IN COSTLY GOWNS.

Combined with this great fortunate purchase, we have added Lingerie Dresses from our own regular stocks that sold at the beginning of the season for much more than the advertised prices. All are grouped in these lots for spirited selling.

The styles are so numerous it would require an entire newspaper page to tell of their beauty and describe the models. All sizes from misses' 16 to women's 42. And if you are inclined to doubt that you can buy such dresses at the prices we quote, we will be glad to show you every dress in each lot, that you may decide for yourself just how true are the values mentioned. On sale beginning Monday morning until they are all sold. You may see some of them in our San Antonio street windows today.

Silk Dresses at \$19.85 & \$25

Two Extra Special Values

ONE of the most important features of Monday's selling will be the offering (although some have but recently arrived) of a carefully selected and exclusive collection of charming silk frocks of crepe de chine, crepe meteor, Charmeuse and "Dolly Madison" silk. Some very distinctive adaptations of favored foreign-conceived modes are in the collection and the prices are the lowest ever known for garments of like quality. Many suitable for Roof Garden, afternoon and parties. In two lots at \$19.85 and \$25.00—which means that the first who come will get the cream of the assortment.

Chances to Buy at Wholesale & Less

MOST merchants claim that the average life of any sale is two or three days—this statement does not hold good in regard to the "Popular's" sales. All this week our Clearance Sale outsold all past events and present counterparts. And why? Because the "Popular" offers bona fide values and gives what it advertises. And next week we will beat this week's marvelous records.

Only One Way To Do It—

BY offering bigger and better bargains—by replenishing stocks, by throwing vast quantities of goods from our store rooms into the bargain hotbed, by the addition of special purchases our buyers are sending in daily from the East—by making it worth your while to buy more enthusiastically than last week. We will do it—with offerings like these!

Blouses At Less Than Materials Cost

WE CAN'T look at the attached price-list without a sigh. No more can you view it, without beaming with smiles. "Clearance" at this store, is no respecter of profits or costs.

The lot is composed of the most exquisite models that Blouse makers have produced this season. Many of them copies of the very costly Paris models—Lingerie, Voile and Marquise Blouses, some lavishly hand-embroidered, others trimmed with real laces, and still others trimmed in the popular Bulgarian colorings. High and low neck models, open front and back, long and short sleeve styles. All in the very latest summer styles. You must see these Blouses to be able to appreciate their beauty and worth. Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store. Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the sagging jaw, drooping shoulders, and the falling hair.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of those enemies of your youthful appearance. It makes you not only look young, but feel young.

Your druggist can supply you in liquid or tablet form, or send 50 one-cent tablets for Dr. Pierce's Favorite Prescription and Surgical Instruments, Buffalo, N.Y., and trial box will be mailed you.
